Subject: Wilcox Revised Field work Schedule
Date: Wednesday, October 07, 2015 7:47:00 AM

Good Morning, I am sending this email to update you on the progress and change in field work schedule. The review of the geophysics data and the scheduling of contractor will need an additional week. The planned field work is now scheduled to **begin the week of October 26**, and is expected to run through the following week to November 6.

As during the last field event, if you are interested in coming to the site, please let Todd Downham, Tom Kady, or I know so that we can prepare for your visit.

Thanks

Katrina Higgins-Coltrain
